

**Tender: EPC related to the construction / installation of a new wastewater treatment plant.**

With this tender notice, Italgas Storage SpA (IGS or hereinafter COMPANY) invites potential bidders to participate in a competitive procedure for the award of EPC contract relating to the construction / installation of a new Wastewater Treatment Plant (**WTP**), to be integrated with an existing gas storage plant located in Cornegliano Laudense (Province of Lodi-Italy).

The selected Bidder shall act as EPC Contractor to perform detailed engineering design, project management and procurement services, supply and workplace transportation of materials / equipment, construction activities, Pre-Commissioning and Commissioning services as well as execution of acceptance tests of the Plant.

Potential bidders shall be aware that:

- achieving the "Mechanical Completion Condition" goal by 31 December 2023 is mandatory (time is of the essence), and
- the authorization process for the construction of the WTP is still in progress.

**Bid Opening Date: June 24, 2022** Request of Technical and Commercial Offers

July 25, 2022 Transmission of draft Contract by IGS

**Technical Proposal submission date: September 09, 2022**

**Commercial Proposal submission date: September 16, 2022**

The dates indicated above constitute only a preliminary indication of current expectations by the COMPANY, which are in no circumstance to be considered as binding for the Company. The COMPANY may at its own discretion extend and/or vary the Bid Closing Date and/or any other date indicated here above.

**Notification of Participation**

Bidder is requested to give notice of participation in writing to the COMPANY **within July 08, 2021** to [acquisti@igs.eu](mailto:acquisti@igs.eu).
